TRANSFORMER COMMODITIES INDICES

MONTHLY

STATISTICS

FOR THE PERIOD

January 2009 - November 2021

PUBLICATION DATE: 5 JANUARY 2022

The indices are published monthly, usually in the last week of the month following the month of reference in compliance with EU market statistical rules (e.g. data for September 2021, is published in the last week October 2021). The indices for paper, cold steel and hot steel are lagging one month behind as these are based on data from national statistical offices, which become available after the deadline for the T&D Europe indices.

IMPORTANT
In April 2020, the December 2019 - March 2020 indices for GOES High Grade have been updated due to a change in the number of reporting organisations.

We have stopped publishing the **Aluminium and Copper indices** after December 2012, as information

is readily available from other sources.
