**Nota STP/DGC N° 96/2021**

Observación ID 393128 "Adquisición de equipos informáticos y Accesorios"

Señor
**Abog. Pablo Seitz**, Director
Dirección Nacional de Contrataciones
Presente

Me dirijo a Ud. con relación a las observaciones sobre el llamado de referencia a los efectos de manifestarle cuanto sigue:

*ISO: He tomado conocimiento de la nota STP/DGC N° 89/2021, sin embargo, se reitera, especificar las empresas en el mercado que cuentan con la certificación indicada.*

Con relación a esta observación manifestamos que el requisito es solicitado al fabricante de los equipos ya que versa sobre el proceso de fabricación/producción del equipo. Se adjuntan certificados de las marcas HP, Dell y Lenovo a modo de ejemplo. Asimismo, procedimos a aclarar este punto en el PBC y corregir el Certificado solicitado.

*Experiencia por cada año: He tomado conocimiento de la nota STP/DGC N° 89/2021, sin embargo, en la citada nota no se observa una justificación razonable en relación a los criterios establecidos, se solicita ampliar o adecuarse al pliego estándar.*

Se procedió a ajustar el PBC según la observación.

*Experiencia: Atendiendo al sistema de adjudicación, se solicita verificar la pertinencia de establecer la experiencia "ventas de equipos informáticos y/o accesorios".*

Este llamado está distribuido en 4 ítems, para los cuales se solicita una garantía mínima de 6 meses para los ítems 3 y 4 y de 24 meses para los ítems 1 y 2; entendemos que, para asegurar un buen servicio de post venta, las empresas deben contar con experiencia en el rubro del presente llamado, razón por la cual nos mantenemos en este requisito. Existen un sinnúmero de empresas dedicadas a estos rubros que no tendrían problemas para demostrar la experiencia. Entre ellas citamos a las cotizantes de este llamado, cuyos detalles se encuentran adjunto a nuestro dictamen de precios referenciales. También procedimos a ampliar los términos incluyendo en el PBC "*ventas de equipos informáticos y/o accesorios del rubro de tic´s".*

*Autorización MITIC: Se solicita la remisión de la autorización para las modificaciones de la Notebook Avanzada Tipo 2, atendiendo a que en ambos dictámenes (29053 y 29051) se mencionan Tipo 1.*

Debido a un error se consignó en la planilla de precios Notebook Avanzada tipo 2, debiendo ser tipo 1, se procedió a corregir esa diferencia y se agregó la Memoria RAM a fin de poder diferenciar las características principales de cada uno de los ítems. De este modo el
