Please consult the sales representative if you have special design requirements. For example, lengthening or shortening the truss, the exterior cladding load is greater than 200N/M², outdoor escalators, earthquake protection, project altitude is greater than 1000m, etc.

Technical parameters		
Project Name: NAD-Arcada_H3-08085-8-35°		
Code: EH115		
Rise: 4500 mm		
Step Width: 1000 mm		
Inclination: 35°,		
Flat Step: 2		
Reaction:	RU= 28.4746	KN
	RD= 25.0746	KN
Machine: EM-W1		
Power: 9.5		
Power Supply: 380 V 50 Hz		
Start Current: 47.2000 A		
Normal Current: 20.5000 A
