Addenda nr.1 and nr. 2 to Contract

Dear Mr Cuevas,

Thank you for submitting documentation for addenda nr. 1 and nr. 2 to above mentioned contract.

On the basis of these documents, we are pleased to give you our non-objection to

- Addendum nr. 1 for an amount of USD 1,637,436 (including VAT)
- Addendum nr. 2 for an amount of PYG 2,043,493,611.00 (including VAT)

In this context, we wish to draw your attention to the provisions of Annex 2 to the EIB Guide to Procurement, describing the procedure for the Bank's review of procurement decisions taken by the project promoter. In particular, we would like to remind you that our non-objection is based on the information you have provided to us and does not relieve you, as promoter of the Project, of your entire responsibility for the procurement procedures of the Project and the results of their application. The involvement of the Bank in the review of the procurement procedure for the above-mentioned project component is confined solely to verifying whether or not the conditions attached to its financing are met. The Bank also reserves the right to review its non-objection in the light of any new information which might come to its knowledge after issuance of this letter.
